I was just thinking...

That's a waste!
Naw that I think af it, haw abaut you change hairstyles every ance in a while?

Blush

Would you let me ploy around with it for o bit?
You should switch your hair around for o chonge of poce now and then!

... This is quite the mystery.

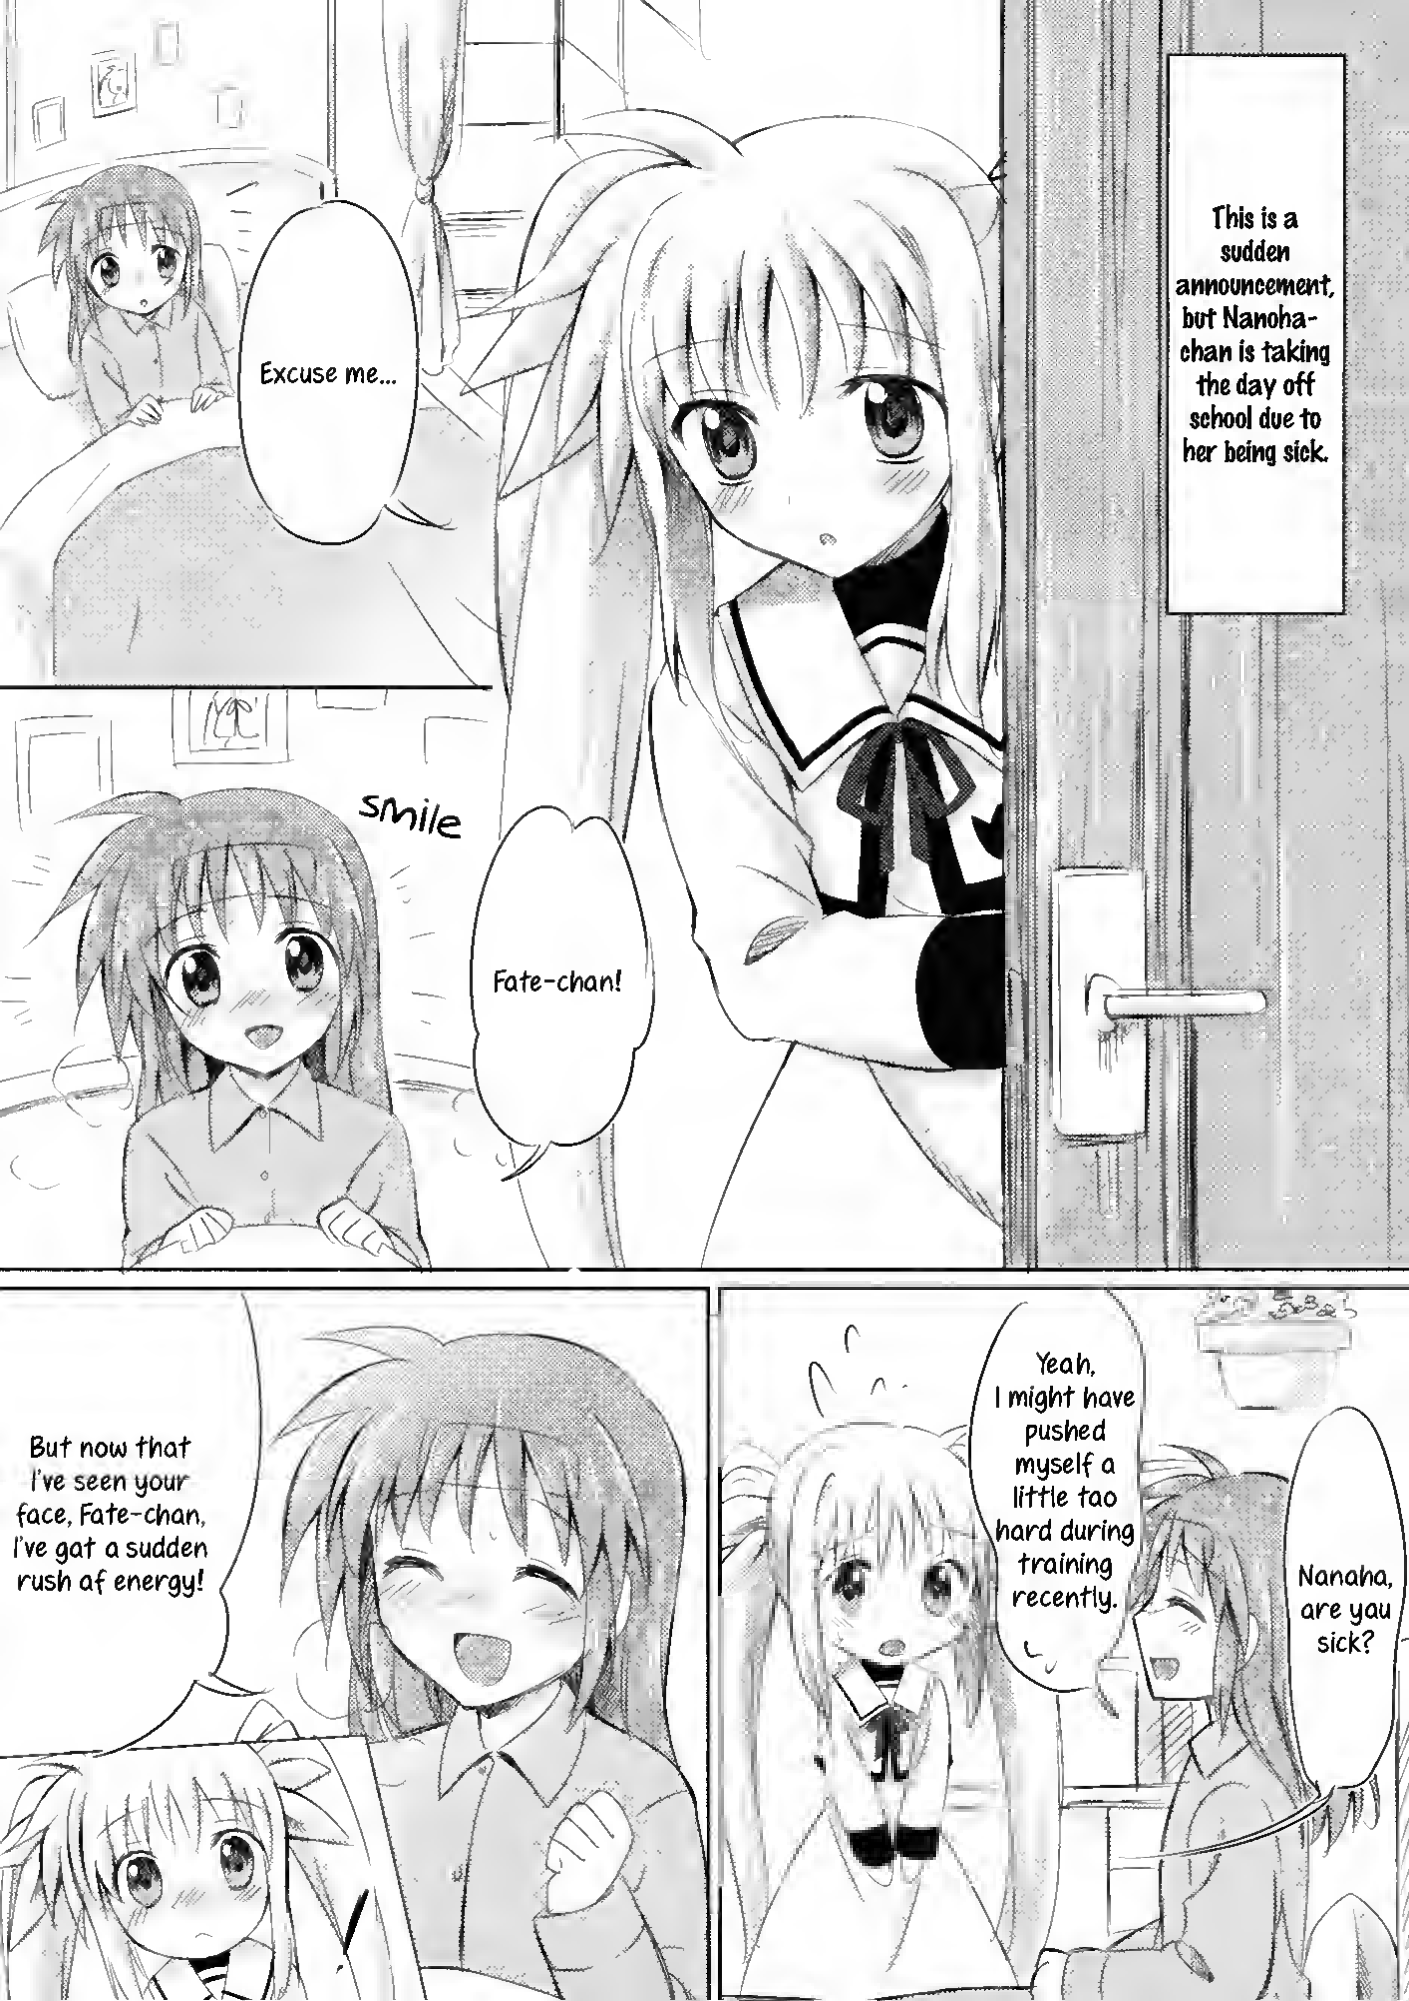
What sort of hairstyle would you prefer, Signum?
I feel nothing when I touch my own hair, but when some one else touches it, it almost feels like it tickles.
I'll leave that to you.
Hmm, I'd like to see you in a totally different look from your usual style.
Or maybe I feel this way because Master Hayate is the one doing it...?
SPIN SPIN SPIN SPIN

!?
Hehe, your hair smells nice, Signum.
I-I'm sure it's just the shampoo I use.
Eh? I don't think so.
It's your scent, Signum!
THIS IS BAD
THIS IS BAD
THIS IS BAD!
BADUMP
BADUMP BADUMP
Calm down, Signum! You're always in close proximity with Master Hayate, and holding her in your arms! Why is this situation making your heart pound!?
Alrighty, time to get started!
OVERHEATING
SIGNUM
Ten minutes later
She made it through somehow
There, all done!

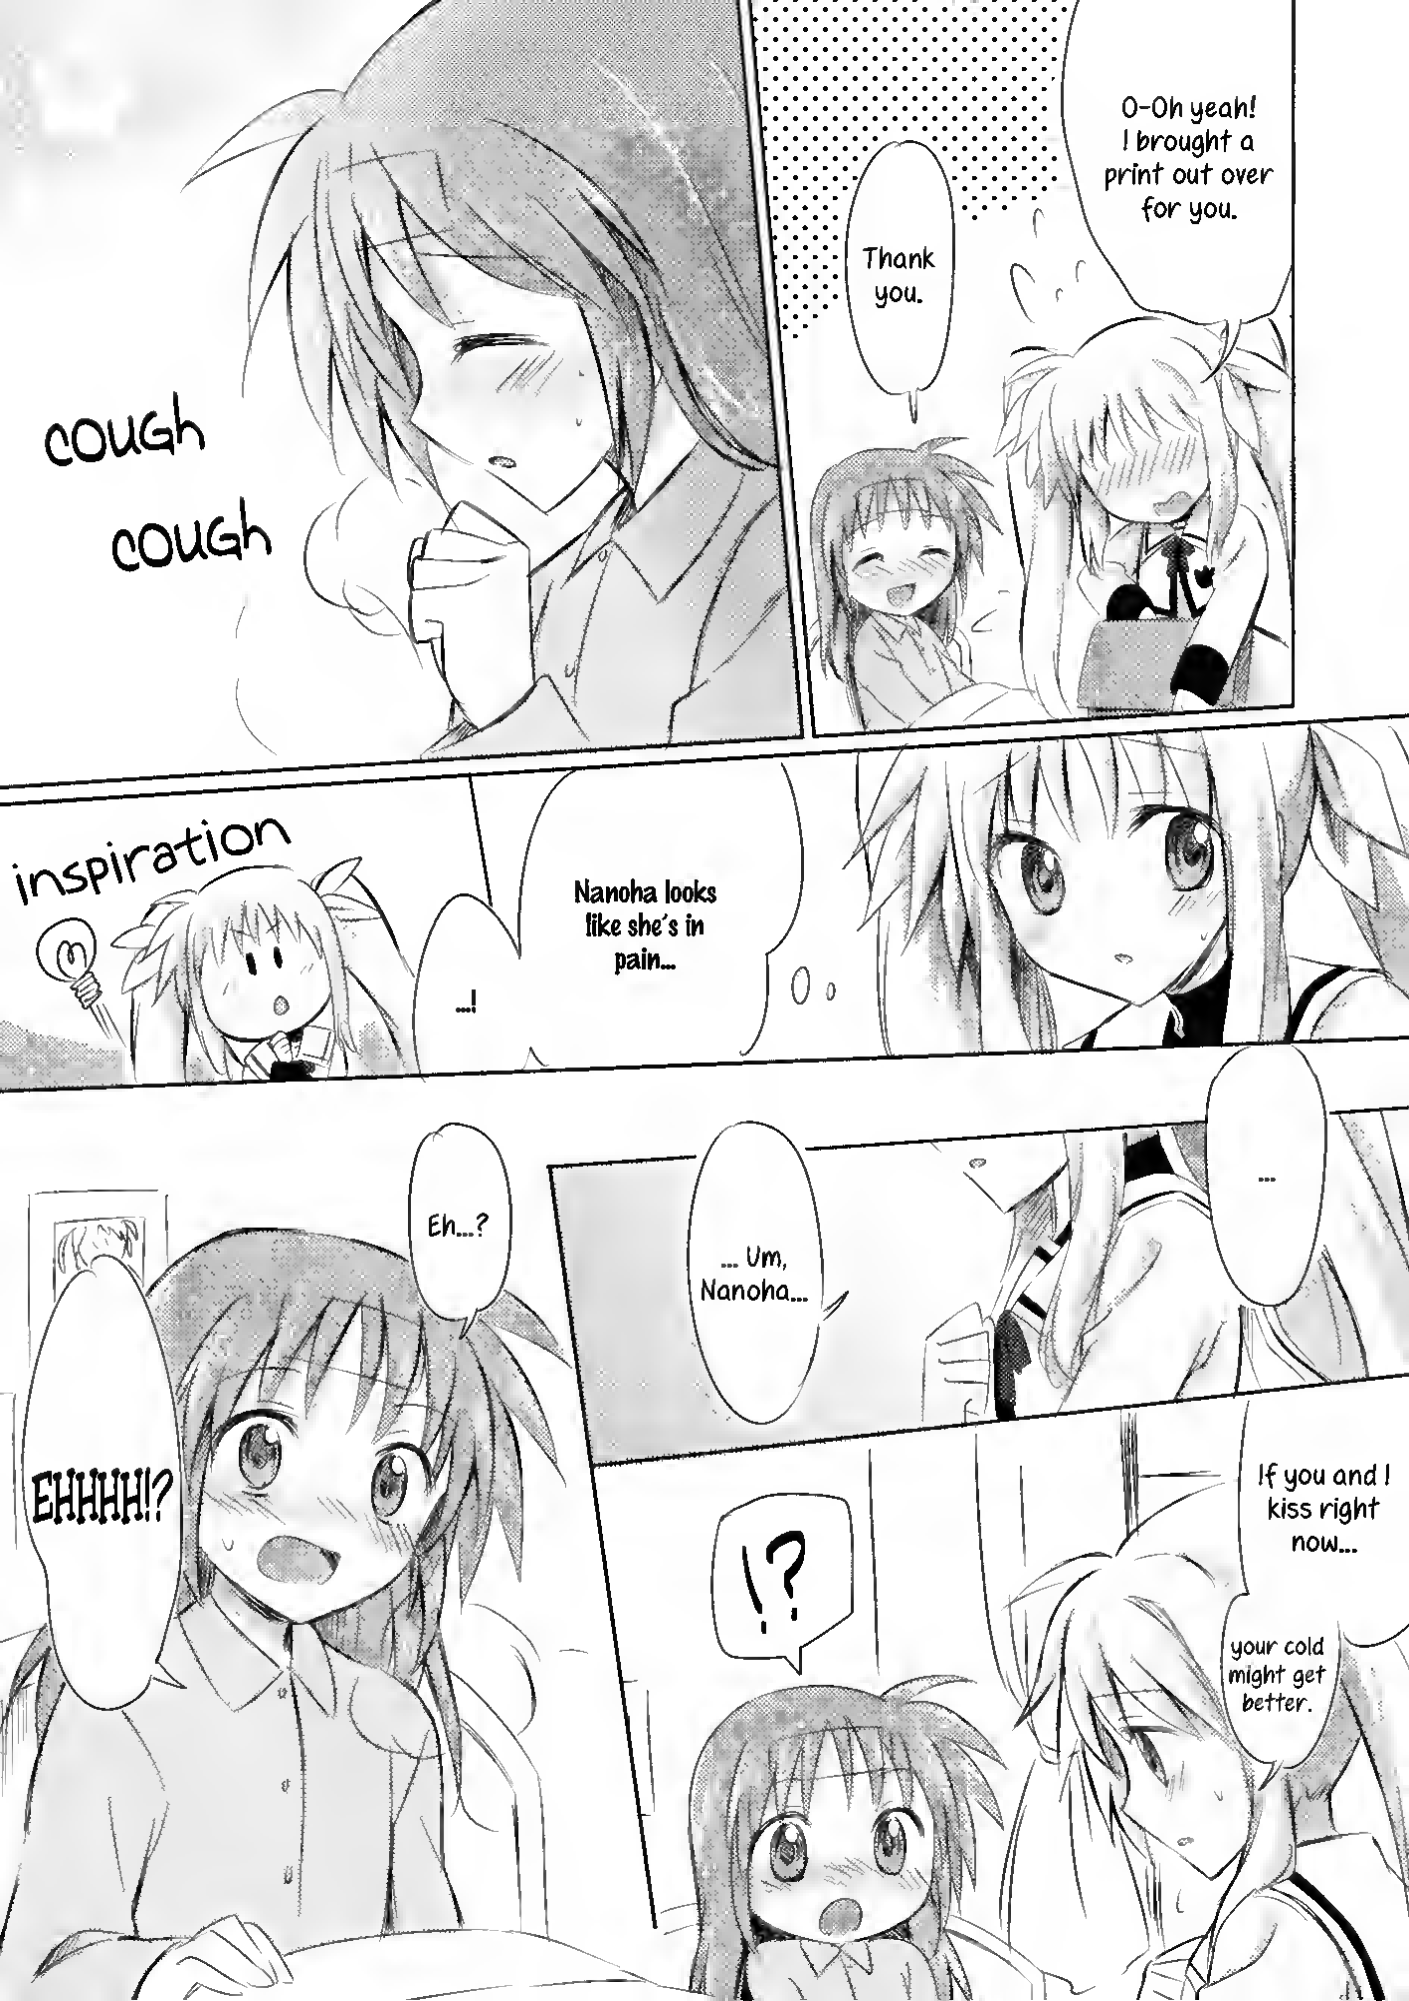
Signum in twin tails!
Ah, Master...! This hair-style is a bit much for me to handle...!!
You look cute, Signum.
Hehe!
This is a chance to snap a good picture!

Bonus page
After that, Hayate tried a variety of hairstyles on her.
VITA! What do you think you're doing!?
In the end, this hairstyle is the most relaxing to me.
Ehhhh?

Even though this didn't end up being used as a color page, I felt it would be a waste not to include it. I wish I could draw many more different characters, but I don't have enough time!
I haven't drawn her yet, but I actually love Arf very much. I also like Lindy-san, whose voice actress did Precure... It's wonderful that Nanoha-san has so many great older sister figures.



This is a sudden announcement, but Nanoha-chan is taking the day off school due to her being sick.
Excuse me...
Fate-chan!
smile
Nanaha, are yau sick?
Yeah, I might have pushed myself a little tao hard during training recently.
But now that I've seen your face, Fate-chan, I've gat a sudden rush af energy!



cough
cough
O-Oh yeah! I brought a print out over for you.
Thank you.

...!
Nanoha looks like she's in pain...
...
... Um, Nanoha...
!?
If you and I kiss right now...
your cold might get better.
Eh...?
EHHHH!?

Thot's why I wos thinking you might feel better if we kissed...
There was a story in this manga I was reading, and the cold passed from one person to the other after they kissed.
I-I don't meon anything stronge by it!
W-We con't do thot. Otherwise you'll end up with my cold.
I don't wont to see you suffering from thot, Fote-chon.
I'm very happy you thought of thot, though.
I'm sorry I mode you worry obout me.
S-Sure...
Fate-chan seemed kind of depressed.
SHUT
Sorry for bringing that up suddenly.

I'll see you to-morrow.

The next day...
Nonoho-chan, your cold's gone!
Yup! Sorry if I mode you worry.
Oh yeoh, Fate-chon...

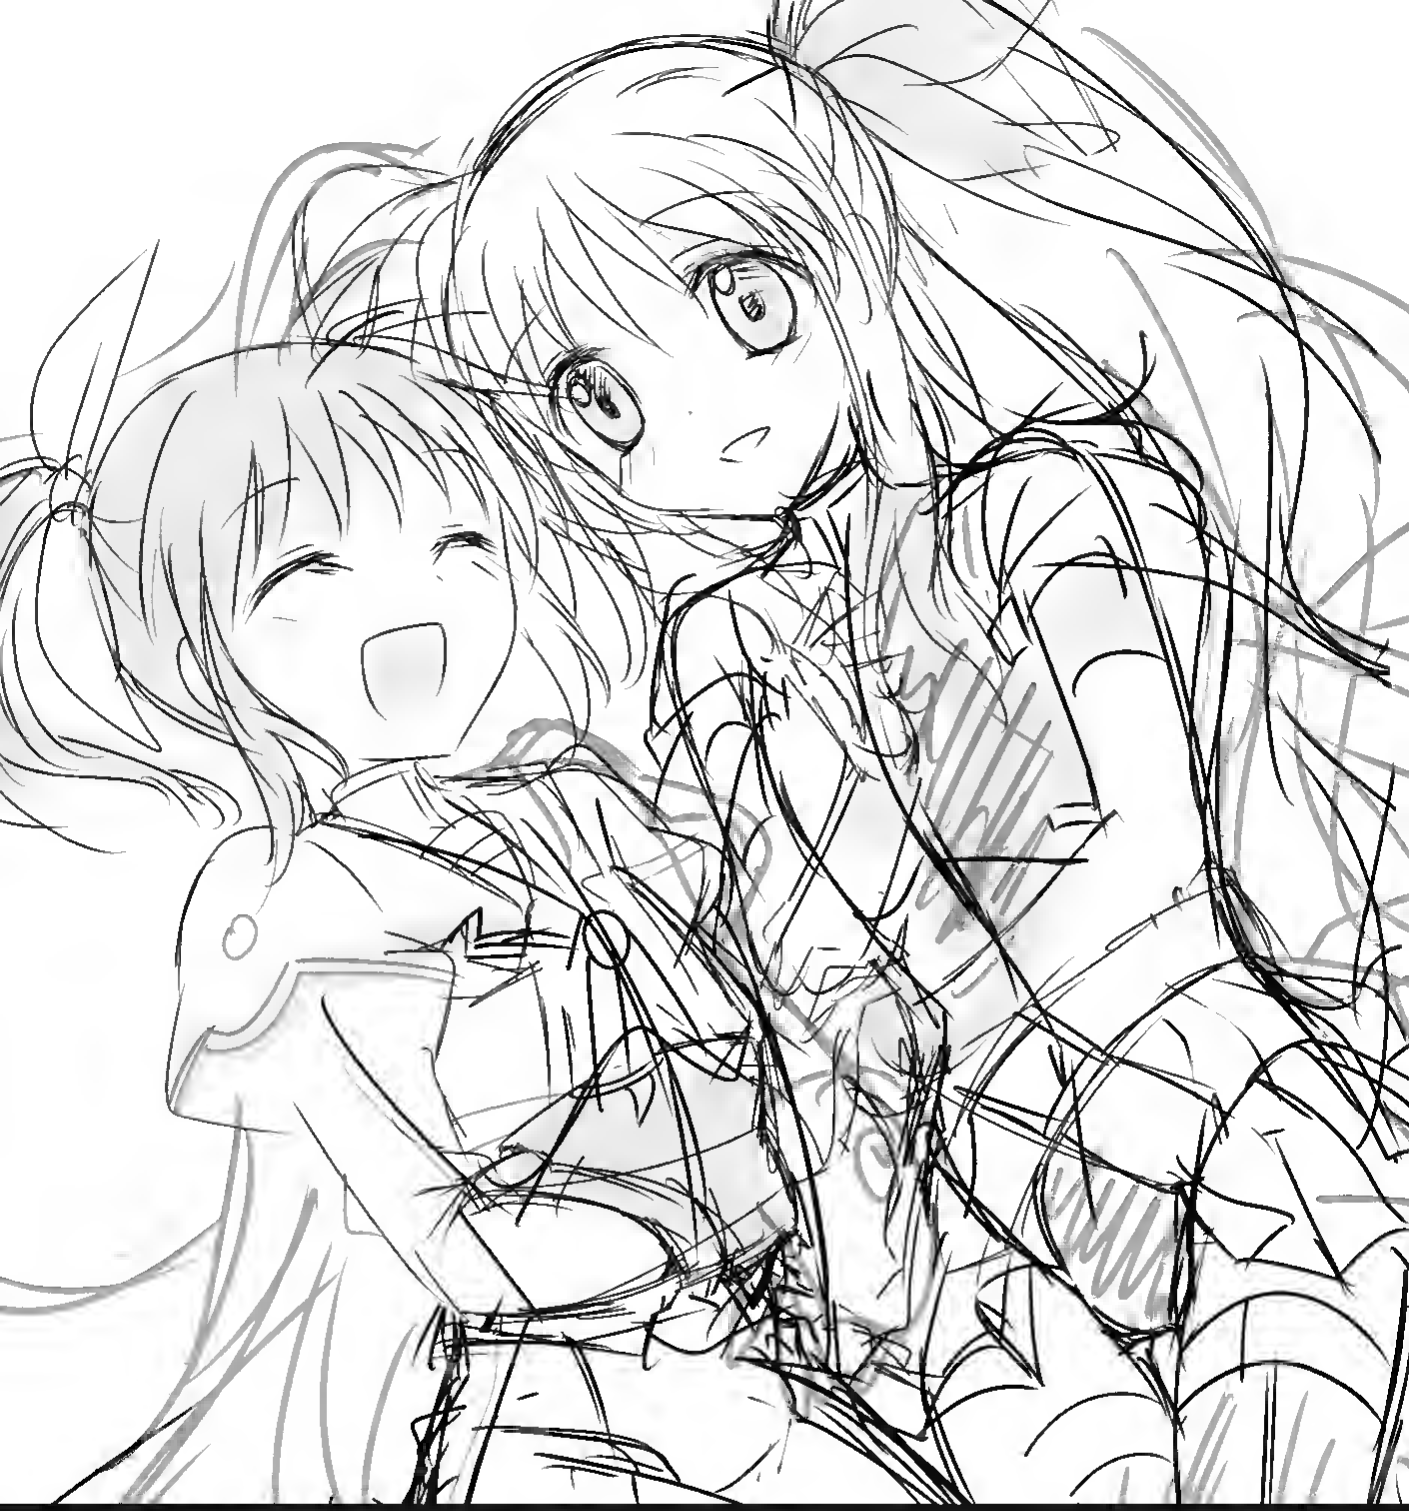
The next day, Fate got a fever and took the day off school.



Afterword

Hello, Oimo here. I got into Nanoha after watching the movies. And that passion led me to release this book. I'm still a beginner in the Nanoha universe, so please be gentle! After I'm finished with this script, I'm going to get a hold of the Strikers DVDs...

As you have seen from the contents of this book, as far as yuri in Nanoha goes I love NanoFate and SigHaya. I'm not so sure you can call the SigHaya here yuri, though. I'm not so sure what it turned into... Manga is difficult, huh? I haven't seen Strikers yet, so once I start watching it, it may open my eyes to some new things.
